EXPERIENCE

Back-End Developer & Project Manager

Nov 2022 - Present

Group Project

Initiated a Cloud Based Deployment, using Amazon Web Services. Created a database using DynamoDB and displayed using API Gateway with the help of Lambda function Integrations.

Project Manager & Cloud Integration

Oct 2022 (2 Weeks)

Bootcamp Group Project

Applied project management skills to pin point an efficient route for project completion within 2 weeks. Deployed project to Amazon Web Services(AWS), and learned AWS to integrate cloud services(DynamoDB, Lambda, API Gateway, Amplify, Cognito) to project.

API Integration & Wireframing

Aug 2022 (2 Weeks)

Bootcamp Group Project

Integrated RAWG API in our project. Created an efficient and easy navigating Wireframe. Created web pages to display a catalogue of items, item page, and integrated a search bar to help locate an item.
